Re: Note to the Reader

Dear Reader,

The present document includes **the official certificate of completion for my MSc in Informatics (Digital Sciences) from University of Paris – Cité**. The degree was **awarded with summa cum laude honors (i.e., Outstanding), as indicated.**

The document is organized as follows:

- Page 2: Official France–Canada grade conversion system issued by McGill University for interpretation of the honors received.
- Pages 3: Official certificate of completion.
- Page 4: Because the official certificate is issued in French only, a translation is provided for english readers.

Sincerely,

Cyrille E. Mvomo, PhD (c)

Human Brain Control of Locomotion (HBCL) Laboratory

McGill University

Objet: RE: Complementary Course NEUR 610 and Grade Conversion France-Quebec
Date: mardi 14 mai 2024 à 10:07:40 heure d'été de l'Est nord-américain
De: KPE Student Affairs
À: Cyrille Mvomo, Lindsay Duncan, Dr.
Cc: Caroline Paquette, Dr.
Pièces jointes: image001.jpg

Hi Cyrille,

I've added Dr. Lindsay Duncan to the email, so she can approve NEUR 610 as a complementary course.
@Lindsay Duncan, Dr., the course is NEUR 610: Functional Neuroanatomy (3 credits):
https://www.mcgill.ca/study/2024-2025/courses/neur-610

As for your grade conversion, here's how you would go about calculating on McGill's 4.0 scale:

Alpha Grade	20-point Scale	Descriptive	Grade Point
A	16 - 20	Très Bien (Outstanding)	4.0
A-	14 - 15.9	Bien (Very Good)	3.7
B+	13 - 13.9	Assez Bien (Good)	3.3
B	12 - 12.9	Assez Bien (Good)	3.0
C	10 - 11.9	Passable (Pass)	2.0
F	0 - 9.9	Ajourné (Fail)	0

If your overall score is 16 or higher, then according to McGill, your GPA is **4.0**
If your overall score is 15.99, then according to McGill, your GPA is **3.7**
If your overall score is 14.01, then according to McGill, your GPA is **3.7**
If your overall score is 13.99, then according to McGill, your GPA **is 3.3**

I hope that helps!

Best regards,

Sonia
