Dear Cyrille Ebénézer Emmanuel Mvomo

On behalf of the Department of Kinesiology and Physical Education (DKPE) and myself, as your identified thesis supervisor, we wish to congratulate you on your admission to McGill University. We are looking forward to receiving you on campus in September 2023 to start the Kinesiology Sciences Doctoral program.

We are pleased to offer you the following 3-year funding package with an overall value of **$60,000.00**.

	YEAR 1	YEAR 2	YEAR 3
Total Expected Funding	**22,000**	**19,000**	**19,000**
Tuition*	2,800	2,900	3,000
Supplement From Department (GEF) From Supervisor McConnell Award	19,200 • 8,600 • 5,600 • 5,000	16,100 • 9,500 • 6,600	16,000 • 9,400 • 6,600

* Tuition amounts are approximate. Annual increases to tuition are calculated at a rate of 4%. The amount you will actually receive will be the confirmed amount of tuition during the applicable year.

Guaranteed award funding

Tuition/base funding details

Your funding package is based on your status as a first year, International PhD student paying fees at the Quebec Resident rate. All students in your program will receive sufficient award amounts to pay the tuition fees at the Quebec resident rate. You are responsible for any additional university fees. For current tuition and fees, visit the Student Accounts' Graduate Fee Calculator.

The Annual tuition amount (Quebec Resident rate) – will be

McGill University
475 Pine Avenue West
Montreal, Quebec, Canada H2W 1S4

Université McGill
475 av Pine Ouest
Montréal (Québec) Canada H2W 1S4

T: 514 398-0367
email.studentaffairs.kpe@mcgill.ca
mcgill.ca/edu-kpe

deposited into your Student Fee account

($1400 on September 1 and $1400 on January 1) and will be applied against your tuition fees. You will be responsible to pay the balance.

Supplement award funding details

Supplemental award funding (Graduate Excellence Fellowship (GEF) from the department and Supervisory contribution) is provided for students who do not hold external funding. If you do not hold an external award during Year 1, you will get the supplement amount for Year 1. The same applies to each of your first three years in the program.

Your Supplemental funding (both from the Department and from your supervisor) as well as the McConnell Award – will be deposited into your personal bank account in equal twice monthly instalments commencing September 1 and ending April 15.

All students in your program are required to apply for at least one federal and at least one provincial award each year they are eligible in order to receive supplement award funding.

Additional information regarding award funding

See details on eligibility and how to apply for internal and external awards at https://www.mcgill.ca/gps/funding/opportunities/phd. You must report to the department the names and amounts of any award(s) you receive within two months of receiving the notice of the award(s).

Continued award support from McGill is dependent on satisfactory progress towards your degree as evaluated annually by your progress tracking committee. Make sure to review the Award Holder's guide for internal funding. External awards may have additional restrictions or obligations, see https://www.mcgill.ca/gps/funding/getting-paid for more information about maintaining your awards.

Awards that affect guaranteed sources of support

Graduate students that receive funding from foreign agencies to pay for tuition, fees and/or living expenses may have a different guaranteed base, supplemental or tuition funding amounts. Students receiving a major internal fellowship (e.g Tomlinson Doctoral or Stavros Niarchos) will also have different guaranteed base, supplement or tuition funding amounts. However, the overall total funding levels per year will not be less than the ones in the table above. Details will be communicated separately if this case applies to you.

There may be a few opportunities to work as a teaching assistant or research assistant if you are legally allowed to work in Canada and meet all stated requirements of these positions. The funding from these assistantships is considered salary for employment and does not affect your funding sources from awards. Information on Teaching Assistantships for the Fall of 2023 and how to apply for them will be shared with all graduate students via email during the month of May 2023.

Terms of Funding Package:

Full-time status:

Your funding package is based on your status as a first year, International PhD student paying fees at the Quebec Resident rate. It is also contingent on your being registered as a full-time graduate student, paying your tuition fees in due time (as per https://www.mcgill.ca/student-accounts/tuition-charges/fallwinter-term-tuition-and-fees/graduate-fees), applying for internal and/or external awards, and receiving satisfactory progress evaluations in your graduate studies. You will be required to complete your Graduate Student Research

Progress Tracking Report annually. This Progress Tracking Report is used as our metric to determine satisfactory standing.

If you have any questions about our department, the funding package, or our graduate program, please do not hesitate to contact our Administrative & Student Affairs Coordinator at studentaffairs.kpe@mcgill.ca or myself via email at caroline.paquette@mcgill.ca.

Our Student Affairs Team will be in touch with you in Mid-May to inform you of the steps involved in registering in your program. I look forward to welcoming you in Fall 2023.

Sincerely,

Caroline Paquette
