Subject: *Funding Letter – EPIC-AT Fellowship Top-Up for project:*

What Do We Measure? Advancing the Clinical Interpretability of Wearable Mobility Biomarkers in Older Canadians with Parkinson's Disease (Cyrille Mvomo)

Dear Caroline Paquette and Cyrille Mvomo,

On behalf of Perley Health, I am pleased to inform you that you have been selected to receive a one-time top-up from Perley Health in the amount of \$2500, to support your EPIC-AT Fellowship for the term September 1, 2026- August 31, 2027.

Perley Health is a unique and innovative community of care that empowers Seniors and Veterans to live life to the fullest. Home to more than 600 Seniors and Veterans in long-term care and in independent apartments, Perley Health provides a growing number of clinical, therapeutic and recreational services to residents, tenants and people from across the region. One of the largest and most progressive long-term care homes in Ontario, Perley Health is also a centre for research, education, and clinical innovation. Our Centre of Excellence in Frailty-Informed Care™ conducts and shares the practical research needed to improve care.

We are thrilled to be supporting this important research and look forward to collaborating with you to improve the health and well-being of older adults living with frailty.

Please do not hesitate to contact me if you have any questions about the conditions of funding.

Best regards,

Danielle Sinden
