Dear all,

We are organizing the interviews in order to select next year Master' students.
As you might know, starting from the academic year 2023/2024, the first year of the Master will be transformed. The previous three tracks (life, learning and digital) now become a single program.
So we are aiming to have a recruitment jury reflecting the interdisciplinarity and diversity of the students' background we would like to welcome in our Master.

I am contacting you to ask if you would be interested in being a jury member for the selection process.

The interviews will take place online during three days (24-26 of May) from 9am to 6pm. If you agree to be part of this selection process you can tell me your availability for these three days (also if some days you are available only for the morning or afternoon sessions). Please be sure to add Cecilia Patitucci in cc while replying since she will organize the schedule accordingly.
We would however like you to be available for 20-30 min on the 24th at 9am when we will present the interview modality and selection criteria before starting. At the end of the three days, on the 26th at 3pm, we will meet again all together to finalize the list of admitted candidates. We hope you can participate in this very important moment as well.

Don't hesitate to contact me if you have any further questions, many thanks in advance for your collaboration.

Have a nice day,

Master AIRE - Learning, Life & Digital Sciences Office
Learning Planet Institute, Université Paris Cité
8 bis rue Charles V, 75004 Paris, France | Office 3.03

Hi,

Sure I would be very happy to join.

I will get back to you shortly with my exact availabilities.

Best,
Cyrille

Hello Cyrille,
thank you for your interest, waiting for your availability, then I will make the final schedule
Best
Cecilia
